THE KLEOS, official publication of Alpha Phi Delta Fraternity published since 1929. Life Subscriptions, Sixteen Dollars to undergraduates and twenty-five dollars to alumni. Fifty cents per copy. Material in The Kleos is copyrighted and may be reprinted with permission from the copyright owners excepting fraternity publications to whom automatic permission is herewith granted.

Alpha Phi Delta Fraternity is a member of the National Interfraternity Conference, College Fraternity Editors' Association and National Fraternity Scholarship Officers' Association.

THE SOCIAL SIDE OF ALPHA PHI DELTA

By FRANK E. COSTANZO, *National President*

As National President of Alpha Phi Delta, Frank Costanzo has received numerous invitations to the many functions held by the Districts and Chapters of the Fraternity. To attend them all would be a feat impossible to attain; never-the-less Brother Costanzo has managed to attend a great many of these affairs. For this Summer issue, the KLEOS has asked Brother Costanzo to give us an insight into the social side of our Fraternity as seen through the eyes of its leader. To this, Brother Costanzo has graciously acquiesced and provided pictures besides.

The KLEOS requested me to express my feelings in regard to the many social affairs that your national President has attended. There is no better way for me to express my thanks and appreciation to all the Chapters, alumni groups, and brothers who have extended many invitations to the many affairs they have had. I hope those who had to be refused accepted this with understanding.

To begin with, by far the best social affair Alpha Delta has each year is the National Convention. Those brothers who do not attend our National Convention, take a tip from one who has been around: no better time will you have in four days than at your National Convention. This year it is being held at the Scaroon Manor Hotel at Schroon Lake, New York, September 2 to 6. The resort type of convention the past five years has really been accepted by the brothers. I hope all of you plan to attend this year.

One of the best affairs that I attended was held early last fall. This was the Annual Ball sponsored by the Metropolitan Building Fund of Pittsburgh and held at the Gateway Plaza. We should be proud of the Pittsburgh brothers. They had the surprise element of holding the affair on October 20, 1956, exactly 42 years to the night of the first meeting ever held by the founders of Alpha Phi Delta. The ball's success was expressed by the enjoyment and contentment on everyone's face. It was also a profitable affair. The money has been placed in the custody of the Alpha Phi Delta Housing Fund, earmarked for the Pittsburgh Metropolitan House, a shining example for other alumni groups.

The various types of affairs held in our Fraternity makes attendance most interesting. I recall the Halloween party Nu Chapter held where the color of the costumes and the games played certainly made one feel young again. Carnival shows are also getting to be very popular. The floats that the brothers of the various chapters have designed and built for these carnivals are really masterpieces. Be-

President and Mrs. Frank Costanzo at several of the affairs that make for Alpha Phi Delta's social season.

sides the floats for the parade, evenings on these special occasions are followed with carnival shows that take on various forms of entertainment. At Duquesne University, Psi Chapter, a play was presented; at St. Francis—a dance with a French motif like a Mardi Gras, etc.

Many annual Christmas Dances are held throughout the Fraternity. The most outstanding one is the Metropolitan New York Christmas Dance held at the Hotel Statler. Then there are the annual early spring formal dinner dances held by almost every Chapter in our fraternity. One of these is the "Purple and White" dinner dances held by the Beta Iota Chapter at Utica. Even the alumni have taken on this same tradition. One that I can think of is the Valentine's dance held at the Holiday House in Monroeville, Pennsylvania.

Another form of social traditional with our Fraternity are the annual Founder's Day banquets. The ones held at Chi Chapter are a treat that stimulates all alumni present whether you are from Chi or any other Chapter in the fraternity. These affairs bring back particularly fond memories. I recall when I was a student at Pitt in 1930 and Brother Chirichigno, who was National President, invited me to go to one of the Chi affairs. I still remember this affair quite vividly, and I am happy to say, this founder's day tradition continues to exist.

Football games also provide occasion for some fine social gatherings. The most interesting ones come about when brothers become rivals on the gridiron either through college games or Chapter invitation. Many Chapters also make it a practice to invite Brothers from other Chapters to their football homecomings. There should be more of this. Out of town alumni brothers are just waiting to be invited by the more fortunate brothers who live in communities where college football is played.

Also on the local level, the various chapter, alumni, and special meetings to which your national officers are often invited make for an interesting fraternal get-together.

Initiations are by far the most active affairs attended by most brothers. The numerous ritual ceremonies that I have attended have been the reason why I have made the issue of the ritual an important one. The National Ritual Committee, headed by Brother Adam DiVincenzo, past National President, has helped in making some of the rituals most interesting. Invitations are the affairs where you really feel true brotherhood, for these are the affairs that perpetuate your fraternity and the ideals for which it stands.

In conclusion, it is always a great pleasure to watch our fraternity in action and to participate and be a part of its many affairs. Needless to say, this pleasure is something in which all of us can share; and the more of us that participate, it is that much more pleasure that each of us are able to derive.

Fraternally,
FRANK COSTANZO,
National President.

EXECUTIVE COMMITTEE MEETS IN YOUNGSTOWN

The 1957 National Executive Committee Meeting was convened in Youngstown, Ohio on March 30, 1957. A large crowd of Fraternity leaders were on hand including the National Officers, all of the District Governors, all of the trustees of the National House Fund, and several members of the Youngstown Alumni Club, Beta Omicron Chapter, and various other Districts in the Fraternity. It was easily the best attended executive committee meeting in years.

Within the large but packed meeting room at the Hotel Pick-Ohio, the members heard the reports of the various committees including the Expansion Committee (F. Cavallaro), the Scholarship Committee (S. Rubino), the Legislative Committee (G. La Sala), the IFC Committee (A. Sigismondi) and several others. Among the committee recommendations were included the establishment of a National Scholarship Award to be presented to the Chapter with the highest average, and support of the newly furnished National Interfraternity Council Central Office. Several amendments and resolutions were also offered to the body. Among the resolutions approved was one adding \$5 to initiation fee to be designed as first payment toward Life Subscription with provisions to pay the remaining fee in two years. One amendment offered provides for an Eastern Field Secretary to cover Districts 1 to 4 and a Midwest Field Secretary to cover Districts 5-7. This would eliminate the existing positions of Field and Travelling Secretaries. Also under serious discussion were proposed new qualifications for membership in the Fraternity. All resolutions and amendments presented at this meeting are subject to the approval or disapproval of the Executive Body in Convention. That body meets in Schroon Manor during the first week of September.

Socially, the attendees had a very fine time. The Youngstown Alumni Club, Felix Catoline, President, and Michael Julian in charge of the reception and planning committee, arranged a breakfast in the morning and a buffet in the evening both of which were very well attended. The following morning, Father Salvatore Federicci officiated Sunday Mass, which was attended by most of the Brothers. Mr. and Mrs. Julian then played hosts to the entire group, serving breakfast at the Julian home.

A CONVENTION DELEGATE—HIS DUTIES

By JOSEPH DEGUGLIELMO, *National Secretary*

So you are a delegate to the National Convention. You are happy because you envision where you will participate in all those good times that Brothers who had already been to Conventions had told stories about into the wee hours of the morning. You heard of the fun, the parties, etc.

Fraternity celebrities were described—Macey, Frank Cavallaro, Adam, Father Fed, Frank Costanzo, Carlo, DeGug, and so on—ad infinitum. You get so that you could almost reach and touch them as living personalities there before you—needing only the breath of life to become real. So you were eager to go and live yourself. You were ready and anxious to participate in an historical moment of Alpha Phi Delta.

But are *you* really ready? For fun—yes! For work—I wonder?

There is a lot more to a convention than fun. Many delegates are astonished to find that there is also work at a convention. I concede that under our present resort type of convention, together with a highly centralized Central Office for administration, much of your work is eliminated.

However, many of the gripes which your Chapters have would disappear if you, the delegate, did your job.

So what is your job?

First—you should know some parliamentary law. You don't have to be an expert but you should have some sufficient smattering of information so that you have a degree of maneuverability. I have seen many delegates swamped sometimes (unfairly, I admit) by a resourceful parliamentarian.

Second—know your constitution; that is your basic law. Unless you know the limitations within which you can operate, you will flounder in the sea of uncertainty and your efforts will be crippled.

Third—you should familiarize yourself with the reports of your national officers and sister chapters. In that, you will know the problems of the several chapters and on a national level. You will be surprised to discover that many of the problems that you think are peculiar to you are really general.

Fourth—you should participate fully in all debates. Know the subject matter fully. Then don't repeat what someone else has already discussed. Give a new reason—a new approach. Remember this—no one in the fraternity is strong enough to get up and say "I am in favor without assigning a reason" and automatically secure passage of the measure. You must convince the unbelieving human mind that you are right in your position. You don't have to be an orator to win. Just cutely marshal the arguments to dissipate the disbelief and you'll be surprised how many defeats can be changed to victories.

Fifth—vote! Your vote should be cast for what, in your honest judgment, is good for the fraternity and not according to what is good only for your chapter.

Remember—you are a delegate of Alpha Phi Delta Fraternity from your chapter. Many times I have had to vote against matters which were beneficial to the Boston Area and even the Central Office because those matters were bad for the fraternity as a whole. By this objective approach, the collective conscientious reasoning of the majority will insure sensible legislation for our administration.

After you have completed all these tasks, you can then go out and participate in the glamorous aspects of the fraternity.

Then you too can return to your chapter, and almost in the guise of an elder statesman, puffing his pipe, you can watch the pop-eyed, intent, neophyte brothers who listen avidly, as you intone ponderously—

"It was at the convention of 19—when that crack pot DeGug suggested But I showed him up!"

1957 CONVENTION SITE FINEST EVER

The 1957 National Convention will be held at the Scaroon Manor Hotel at Schroon Lake, New York, during the Labor Day week starting with dinner on Monday, September 2, and ending with breakfast on Friday morning, September 8. The Executive Committee will meet on Monday, Labor Day.

Businesswise, this year's convention will be one of the most important in many years. Several important constitutional amendments and resolutions will be introduced for the consideration of the body. All alumni and undergraduates are urged to attend this convention.

Pleasurewise, this year's location should make it the most enjoyable convention ever. Schroon Lake is located in the heart of the Adirondacks, New York State's famed vacationland. Scaroon Manor's own facilities are varied and extensive and its vast grounds include swimming, boating, golfing, tennis, ping pong, etc. In addition, the most fabulous vacation attractions in the country are located within a fifty mile radius of the resort. Just 30 miles south on route 9, for example, is famous Lake George; some 40 miles north of Schroon Lake is Ausable Chasm; and the same distance northwest is Lake Placid.

Probably no other area in the east provides such a concentration of activities and attractions for the children (and the grown ups too). In the Lake George area, for example, are Storytown, U.S.A., and Indian Village. Storeytown is the "Never-Never Land of the Adirondacks," a land created in fact what children have only known in fancy. Here are all the realities of a child's fairyland come to life: Humpty Dumpty, Mother Goose, the Big Bad Wolf, Moby Dick, the Three Bears and the many other characters that make up the land of make-believe. Indian Village consists of real Indians who will amuse your "little Indians" with war chants and teach them Indian War Dances as well.

Only 8 miles north of Schroon Lake is Frontiertown. Here in this replica of a pioneer village and a wild west town, the pony express rides again and cowboys and Indians roam the streets. Here the Dalton Gang raids the town of Prairie Junction, outlaws hold up the stage, and western justice triumphs over the badmen in quickdraw action in front of the Wells-Fargo Express Office. A wild west show also takes place several times a day in a large rodeo arena.

About 40 miles north, on the Whiteface Mountain Highway, is the North Pole, home of Santa's Workshop, complete with snow, reindeer, and Santa's helpers: gnomes, elves, glassblowers and toymakers. Other attractions around the Lake Placid Area are the Land of Make Believe, the Sterling Game Farm, Old MacDonald's farm, and many other enjoyable places for the children from 3 to 80.

There are many other attractions in the area for everyone. History lovers will find such famous places as Fort Ticonderoga, Fort William Henry, Fort Defiance, and many other monuments to the spirit of '76. For nature lovers there are Schroom Lake, Saranac Lake, Lake Placid, and Ausable Chasm which offers some of the finest scenery available anywhere; and the view from Whiteface Mountain is spectacular! Socially, a fine young crowd has enjoyed this wonderful vacationland for years. The area is truly a vacationer's delight.

You can enjoy this wonderful vacation-convention for a price that is fabulously low. The cost is \$60 per person for the four night stay. Children's prices are \$45 for the first child, \$35 for the second child, and \$25 for each subsequent child. All meals will be served banquet style with steak, chops, and lobster included in the dinner courses. Perhaps you may also want to come early and spend the labor day weekend at the lake as many others will be doing. If so, arrangements should be made early with the hotel. Coming early will also help you to enjoy the many attractions to the fullest. Most of the attractions are open after labor day; however, a few, and it might be your favorite, limit their activities. You might also want to round out your vacation by spending the weekend at Montreal, Canada, which is only about 120 miles north.

All in all, the 1957 Alpha Phi Delta Convention should be the most exciting affair we've ever had, both businesswise and socially. Make your reservations **now** with Central Office.

Scaroon Manor has everything including golf, tennis, swimming, summer theatre.

We have received many requests for the words and music to various of the songs of Alpha Phi Delta. As a special convention feature, two of the Fraternity's popular songs are reproduced in this issue (page 30 and 31). Learn them and sing them at the convention, and anywhere else Alpha Phi Delta men get together! We are sorry that there is not enough room in this issue to include the ever popular "Alpha Phi Delta Rose" which is much longer. We shall include it in a subsequent issue.

Chapters in Review

BETA LAMBDA REMODELS FRATERNITY HOUSE

The 1956 Executive Committee Meeting was held at the Beta Lambda House in Loretto, Pennsylvania for the express purpose of having the trustees of the Building Fund gather to discuss, on the spot, the possibilities of providing funds for remodeling of the house. With the trustees favorably inclined, the Chapter, for the past year had been making rapid progress with its renovations. The downstairs of the three story building has been converted into a Chapter Room and Recreation Hall, and the living room, the basement, and the study rooms have been painted and decorated in modern fashion. New furniture has been added to the living room. Open House was held on Valentine Day, February 14, which formally started the "rushing period" on the St. Francis College campus. A large portion of the student body attended to admire the new decorations and to enjoy the elaborate spread of Italian food prepared by Mrs. Parrish who does the cooking for the Chapter. A week later the Chapter was host to National President Frank Costanzo and 5th District Governor Joe Scoscia.

Proud of its house, the Chapter is also proud of its Brothers, two of whom have devoted their lives to the Church. On January 25, Brother Salvatore Miglio left St. Francis College and Beta Lambda House to dedicate his life to God. Sal entered St. Francis seminary on that date to become a priest. The Beta Lambda men are also proud of Father Mark Santucci of St. Francis who was brotherized before his departure for India. The Brother's best wishes and prayers go with both of these dedicated men.

Beta Lambda is continuing to build a bigger and better representation of Alpha Phi Delta on the St. Francis College Campus. The Open House for prospective pledges was a grand success with an attendance well over one hundred visitors. For the first time by any fraternity on the campus, Pledge Girls acted as hostesses for the affair. The Chapter has now thirteen pledges all of whom are hard at work building an addition to the basement. The pledges are under the able supervision of their pledge-master, Brother Frank Embon.

The scholastic standing of the Chapter among the other Fraternities on the campus is high. Brother Anthony D'Agostino made the Dean's list last semester with a few Brothers just missing by a few points. This was the 5th consecutive time that Brother D'Agostino was placed on the list in 2½ consecutive years. The Chapter is looking forward to an even better showing this semester with a possibility of winning the I.F.C. Scholastic Trophy.

The Chapter is also well represented in the various clubs and organizations on the campus. To name only two, Brother Si Siminski, President of Beta Lambda, is Vice-President of the Inter-Fraternity Council Executive Committee, and Brother Sam Satalano is Secretary.

In campus sports, the Chapter is well represented by Brother Ron Muffie who has been a member of the Varsity Basketball team for the past four years. He was

a fine help to the team this year as he has been in the past. Brothers Joe Boario and Fred Canepelle will most likely represent Alpha Phi Delta on the Varsity Baseball team this year. In intramurals, Beta Lambda had a fair amount of success this year taking 2nd place in football, and 3rd place in both bowling and basketball.

With the semester now coming to a close, the Brothers do wish to express their appreciation to the graduating seniors who have done a wonderful job in the last four years. Special thanks go to Si Siminski, President, Vic Caruso, Secretary, Lee Pullella, Vice-President, and Ron Muffie.

BETA BETA SPONSORS HUGE BENEFIT

For months early this spring, Beta Beta Chapter feverishly and earnestly prepared for the biggest event ever to be sponsored by the Chapter; and in terms of benefit affairs, the biggest ever to be sponsored within the Third District. The affair was the first annual Junius Kellogg Benefit Dance held at the Grand Ballroom of the Hotel Statler in New York City.

Inspired by the story of Junius Kellogg, famous Manhattan College basketball star, unable to walk since a bus accident while returning from a basketball game, Beta Beta Chapter obtained the cooperation of the Manhattan student body and the Third District Metropolitan Committee in planning a benefit dance for this great player. A journal was run in conjunction with the dance. City-wide publicity was given the affair with press coverage by the "New York Daily News," the "New York Post," the newspapers of Westchester County, and several of the radio stations in the New York City area. The celebrated Vincent Lopez and his band provided the music for the affair.

The affair was a huge success and the entire proceeds derived were donated to Kellogg.

A strong and active Chapter, Beta Beta is an old hand at initiating and organizing affairs that are notable for their worthy cause and for the credit they bring Alpha Phi Delta in the Metropolitan area. The Chapter, for example has organized the annual 3rd District Communion Breakfast ever since its inception. The Chapter also has charge of the 3rd District's participation in the Annual Columbus Day Parade down 5th Avenue in which the Fraternity is represented each year by a float, an innovation of the parade introduced by Beta Beta. With the Kellogg Benefit Dance, Beta Beta again leads the way, thereby adding to the glories of Alpha Phi Delta wherever it is represented in the community and on the campus.

Brother Frank Embon, President Si Siminski and the "Pledge Girls" that helped make Beta Lambda's Open House a success.

PSI MEN HOLD TOP POSTS ON CAMPUS

Ever since the start of this college year, President Andy Tierno of Psi Chapter has had a large sized task on his hands. That he has been doing an excellent job in executing his duties is evidenced by the Chapter's fine performance on the Duquesne University campus.

Individually and collectively, the brothers of Psi Chapter have built up an outstanding record of activities at Duquesne. The first project tackled by the Chapter was the Psi Carnival. As a result of some energetic hustling from the brothers, the affair once again came out in the black. This year's theme was "Under the Sea" and the affair caught city-wide attention through the local papers.

With a successful social affair under their belts, the brothers turned to a community project, the annual raffle sponsored for St. Paul's Orphanage. The prize this year was an all expense paid round trip to Miami Beach, Florida with reservations at the Casablanca Hotel. The raffle went off in great style with the profits well into the four digit column.

Just as soon as the Orphans' party was over, Homecoming and the annual float parade was at the doorstep. This time, the hard working efforts of the brothers were rewarded to the extent of having their float chosen the best, taking the first place trophy with ease. The float's theme was early Indian, with the Chapter's Fraternity sweetheart, Patricia Sieber, reigning as both queen of the float and the parade.

Meanwhile, the Alpha Phis were winning laurels in intramural football. After a slow start in the regular league, the Chapter won the trophy given by the Inter-Fraternity Council, in a sudden death tournament. IFC president, Brother Dom Bucci, presented this trophy to Captain Joe Solita the same night that Student Government President, Brother Ed Ferraro presented Brother Andy Tierno the winning trophy for the Homecoming float. All this took place between halves at the opening game for the Dukes.

The pledge group for the fall semester was not only one of the largest but also one of the best, and 13 new brothers were initiated into the fraternity early in December. National President Frank Costanzo was present for some of the functions along with one of the Chapter's (and Fraternity's) most colorful alumnus, former National President Adam DiVincenzo, and Fifth District Governor, Joe Scoscia.

The Chapter once again has had the good fortune and privilege of holding all the top positions on the campus. They include SGA President Ed Ferraro, IFC

Psi initiated several new Brothers last fall. Attending the initiation was National President Frank Costanzo (right photo, second from right), 5th District Governor Joe Scoscia (3rd from left), and Past National President Adam DiVincenzo (between them). Also present (from left to right) Psi Chapter President Andrew Tierno, Faculty Moderator Dan DeFelece, and Pledge Master Nick Amatangelo.

President Dom Bucci, SGA Vice-President Dick Mellick, and Duquesne's Captain Duke, Charlie Fedutes. To add frosting to the cake, Fraternity Sweetheart Patricia Sieber is editor of Duquesne's yearbook, and also business manager of the University paper.

With the spring semester well advanced, the main thought has turned to the May Ball, annually sponsored by Psi Chapter. This dance was by far the best dance held on the campus last year with the prominent orchestra of Ralph Marterie putting on a tremendous show. An honorary fraternity membership was bestowed upon Marterie who was voted the most popular college band leader in America by Downbeat.

The Chapter's accomplishments speak for themselves. A very active group, the brothers have maintained the prestige of the past and have established new prestige by virtue of their improvements in other areas. Besides Andy Tierno, this year's leadership includes Sam Telerico, Vice-President, Dom Bucci, Secretary, John Orlando, Treasurer, Ed Ferraro, Historian.

(Left) Fraternity Sweetheart Patricia Siever reigning on Alpha Phi Delta float that won 1st prize Homecoming Trophy. (Right) The Fraternity banner being carried and displayed by majorettes and band that was part of Psi's entry in the Homecoming Parade.

THETA BETA MEN PUT TEETH IN THEIR WORK

It appears that Theta Beta is becoming a Chapter of potential doctors and dentists. Since 1954, approximately 90% of their graduating brothers have entered into professional schools. This year the three graduating brothers have been accepted by various medical and dental schools. The active undergrads are either pre-medical or pre-dental students with good scholastic records.

As is typical of Theta Betans, the Chapter has had an active social session. In addition to their support of 3rd District functions, the Chapter has held socials with student nurses of Bellevue Nursing School as well as co-sponsoring dances with the N.Y.U. Italian Club. The use of "live" music by Brothers John DiBartolo and Steve Ullo at the Chapter's socials have given the affairs an air of being more than a typical fraternity dance.

The financial aspect of Theta Beta belies its membership number. After having achieved a strong financial position, they feel that securing a Fraternity House at this time will improve their position in terms of obtaining pledges. The Chapter is also active on the campus with Sal Urbano and Vito D'Allesandro having been elected officers at the Italian Club at N.Y.U.

MU CHAPTER ACTIVITIES MANY AND VARIED

Mu Chapter at Cornell University continues to be one of the more active Chapters of Alpha Phi Delta. Strong on the campus, the Brothers participate in many of the school activities, and scholastically rate very well.

The past fall term the Chapter's athletic teams did quite well in the three sports in which the Brothers participated. Mu's intramural football team finished fourth in its league. The bowling team, which finished in second place in the entire university last year, only to lose the championship by a narrow margin, was doing very well for itself when last we heard. The team, composed of Mike Denicola, Phil Scaffidi, Ron Bratone, Dick Miller, and Bruce Marcus was plunging ahead undefeated and had won their meets by such large scores as to be established as the favorites. The basketball team remained in contention for their league title with a double overtime win when Noel Bonacci celebrated his birthday by scoring the winning basket. Other starters on the basketball team were Ralph Pattelena, Phil Scaffidi, Bob Martini, and Ron Bratone.

Scholastically, the Chapter's standing among the fraternities at Cornell went up 14 places over last year's finish. Scholastic Chairman Bruce Marcus announced that Tony Leone has been given the Chapter's scholastic award based on his grades, improvement, and number of hours. Two of the Brothers, Tony Leone and Mike Garofalo are members of Alpha Epsilon Delta, a premedical honorary. Bruce Marcus is a member of Tau Beta Pi, an engineering honorary.

The Mu House underwent a complete indoor cleanup last fall. The entire interior was painted and most of the rooms have new beds in them. The Chapter is now in the process of refurnishing several other rooms. Although quite a bit has been added to the house recently there is much more to be done. The Chapter is holding its annual raffle this spring in order to carry out several other sorely needed improvements.

In following with the rules of the Interfraternity Council and the University officials, there was no rushing of freshmen in the fall term. However, Mu now is training a fine large group of pledges for initiation this spring. In the pledge class is Bob Einaudi, grandson of Italy's recent president. The pledge's father is Professor Mario Einaudi of the Cornell faculty, a very fine scholar and highly thought of as a teacher and as a person. In all of this, of course, the Chapter is particularly happy; nevertheless, Bob was received as a pledge on his own merits.

On the social side, Mu has sponsored several parties this term all of which have been smashing successes. The parties were well attended by both the active brothers and their alumni who always add a lot of life to any house get-together. The Chapter realizes that the alumni form an important part of their organization. In an open letter to their alumni the Chapter expressed the feeling that "whereas we are members for four years as undergraduates, we become alumni for life. The Brothers are very interested in what our alumni are doing and we like to feel that our graduates feel the same way about us." The alumni are encouraged to drop in at Mu House at any time where they will be greeted with a warm welcome.

BETA MU COPS CAMPUS HONORS

Last year's outstanding Chapter, Beta Mu continues to bring honors to Alpha Phi Delta on the DePaul University campus. Perhaps the most significant achievement of the Chapter this year was taking the top honors in DePaul's homecoming float parade. Thanks to an extremely efficient pledge class, the Chapter not only won the highest trophy in their division, but for the entire parade. The theme of the homecoming parade was divided into three sub-themes: "DePaul: Yesterday, Today, and Tomorrow." Beta Mu was in the "Tomorrow" division. The float, built by the pledge class, depicted a rocket, "the spirit of progress," shooting for the moon to unlimited expansion. Trophies were to be presented for the best float in each division, and the best float in the entire parade. Beta Mu copped both trophies.

Earlier in the school year the "Autumn Nocturne" was held, a traditional dance at DePaul for working off steam after mid-term examinations. But this year's dance was something special. By this time, one of the talented brothers of Beta Mu, Frank Pisani, was singing lead in the nationally famous "Highlights" vocal group who, having won first place on Arthur Godfrey's Talent Show, were skyrocketing to fame with such record hits as "City of Angels," "Listen My Love," and "To Be With You." The group's appearance at the "Autumn Nocturne" caused one of the minor sensations of DePaul's social calendar.

Came New Year's Eve, and of course this meant the 7th annual New Year's Revels for the Beta Mu Brothers. Through the efforts and ingenuity of Vice-President Frank Cirone, the Chapter obtained Allegretti's beautiful restaurant and annex-room for the site of the most fabulous New Year's party in Beta Mu history.

All of the foregoing events pertain more or less to the external manifestations of the Chapter's Fraternal spirit. Other events and accomplishments will be noted in the Chapter's annual history book. The true significance of the "common bond," however, came out once again at the Chapter's second annual Parents' Banquet; the time when the Brothers had a chance to refreshen their belief in one of the principal ideals of our fraternity—the joining together of college men who bear the closest possible kinship to blood brothers. Present at the banquet were the Chapter's moderator, Mr. James Maniola, and Father William Powers, dean of the Liberal Arts college. Father Powers congratulated Alpha Phi Delta for having started "one of the finest ideas of any fraternal or sororal organization on the campus."

Beta Mu Chapter's entry in the DePaul University Homecoming Parade which took top honors.

XI HIGH IN SPORTS, SCHOLASTICS, SOCIALS

It's been a little while since any news of Xi Chapter has appeared in the KLEOS but there has been plenty of activity at Alpha Phi Delta-Ohio State. Athletically, socially and scholastically, the Chapter has had a great year.

Athletically, Xi Chapter has participated in all intramural programs offered at Ohio State. Last spring the Chapter won the softball championship; this fall they made the football playoffs; this past winter, they place second in the bowling tournament. The Chapter also had a good basketball team. In addition, Brother Robert DeFelice has been the Captain of Ohio State's wrestling team for the last two years. Bob is an outstanding wrestler, having placed third and second in the Big Ten during 1955 and 1956 respectively. He was forced to leave the Big Ten tournament this year because of an injury. Bob has won the Dr. Whitacre outstanding wrestler award for two years. This award is given to the best wrestler at Ohio State.

Xi Chapter's social program has always been one which fulfills the requirements of a good social fraternity. This year has been no exception. The Chapter always tries to have one big party per quarter. This is in addition to the many little get-togethers at the fraternity house.

The outstanding affair of the fall quarter was the Homecoming celebration. Many alumni were in Columbus for the affair. The day began with the judging of the decorations arranged by the various fraternities. As usual XI had its house decorated in the theme for the occasion. The team Ohio State played that day was the Wisconsin Badgers, and the Xi decorations consisted of a huge Elvis Presley strumming a guitar over a cross-eyed badger in a replica of Ohio's stadium. A reception was held at the house after the game at which refreshments were served. Dancing was until late and a good time was had by all.

The second big affair of the year was held March 1st. This was the Bowery party. The Brothers and pledges spent Thursday evening and Friday afternoon decorating the house with balloons and wallpaper-like strips on which everyone had a grand time drawing pictures. Entertainment for the party was furnished by a five piece combo. During intermission, favors were presented to all the girls; these were purple and white garters with white and black lace trimmings and inscribed with the Greek letters of the fraternity. The costumes worn at this affair were fabulous.

The crowning event of the social year of course is Xi's spring formal held on March 18th at the Deshler-Hilton in Columbus. The formal, financed by a raffle, highlighted a steak dinner, refreshments, and dancing. Ruffled were a hi-fi, a wristwatch, and a portable phonograph. The affair was a big success. A picnic was held the next day to round out this Spring weekend affair.

With all this social activities, one might get the impression that there isn't much studying being done at Xi. Actually, the reverse is true. Xi Chapter was eighth among the fifty fraternities during the last spring quarter. The Chapter slipped a little last fall but expect to stand high again this spring. Except for last fall, Xi, scholastically, has always been among the top fifteen fraternities on the campus.

Congenial hosts, the Brothers of Xi Chapter give an open invitation to any Brother who should happen to be passing through Columbus. In their own words, "Our door is always open, just walk in and introduce yourself."

DELTA INITIATES SEVEN, CONTINUES BUILDUP

On February 1st, while New Yorkers were trudging their way through the worst snowstorm of 1957, the most comfortable young men in Brooklyn were the seven pledges of Delta Chapter who were being initiated into Alpha Phi Delta. At least the Brothers who were administering the Alpha test think they were; after all, the entire exercise *was* held in the warm confines of Delta House. In any case, it was an impressive ceremony, climaxed with the administering of the oath by ex-president Richard Zaloum, after which the new Brothers were feasted to initiation dinner at Monte's in Brooklyn. The new Brothers who will next year arrange a similar ceremony for a new crop of pledges are James Alexander, Frances Mandarino, Vincent Carrito, Thomas Vince, Anthony Pascocello, Michael Ogliaruso, and Salvatore Lafata.

A homogeneous and active group, Delta Chapter has been very active in Fraternity affairs and around the B.P.I. campus. For example, Delta undergrads and their alumni had the biggest turnout at the 3rd District Christmas Dance (a feat they have accomplished year after year). Their own Christmas party, a twelve hour affair, attracted approximately 200 people. It was a great affair but the Brothers have been considering using the money for a party for the orphans next year. Delta's annual New Year's eve party was also a success. The Chapter also had good representation at the annual Communion Breakfast.

The Chapter's success is due very much to the closely knit organization of the Brothers; each Brother has a specific job to do. At recent elections, the Brothers who hold the top jobs are: Anthony Casella, President, Al Smith, Vice-President, Ken Bube, Secretary, Joseph Ascrizzi, Treasurer, Sal Lafata, Chaplain, and Joseph Pagano, Historian.

FIRST "DR. BRESCIA AWARD" PRESENTED AT ETA

Last fall the "Dr. Brescia Award for Outstanding Scholarship" was instituted at Eta Chapter. The award is presented semi-annually to the Brother who has had the best scholastic record of the preceding term. This year, in its first presentation, the recipient of the award was Brother Fred Cataneo. Fred's high scholastic record has also earned him membership in Tau Beta Pi, Honorary Engineering Society. Another newly created award, Eta Chapter's Brotherhood Award, will be presented sometime this May. This award will be presented to the Eta man who best exemplifies the ideal Fraternity Brother.

In social activities, Eta this year gave its usual fine support to the 3rd District Christmas Dance and then held a term ending celebration in Brooklyn on January 19. The attendance to the latter affair was very high with Brothers from other Chapters, alumni, and friends participating in the festivities.

Eta initiated eight Brothers this past semester under the capable leadership of Pledgemaster Brother Jim Tarangelo. The new Brothers are Richard Bocchicchio, Joseph Cicio, Carl DeVito, Phil Grimado, Cosmo Mantovani, Carl Rizzuti, Roland Sarti, and Edward Tarangelo. Brother Lenny Farano is pledgemaster for the spring semester.

BETA THETA MAINTAINS FINE RECORD ON CAMPUS

Chosen the Most Improved Chapter of 1956, Beta Theta lived up to its honors by chalking up another impressive record again this year. Very active on the College of Steubenville campus, the Chapter sponsored several socials and benefits, maintained a very high scholastic average, and participated in numerous organizational activities on the campus where the leadership abilities of the Brothers have earned them several high offices.

To start the year, the Chapter sponsored the Icebreaker Hop, an annual affair, which is the first social event of the college. This dance is open to the student body and serves to permit the student to renew old acquaintances and to begin new friendships. The Brothers followed this event with a dinner at the Blue Danube Restaurant for prospective pledges. Several present and past national officers of the Fraternity were present in addition to many prominent alumni. Next on the calendar were two data affairs, the Annual Pogo Party and the Christmas Party. The end of 1956 was celebrated at a gala New Year's Eve Party and then a stag was held in honor of Brother Sam DiMeo, who was wed to Miss Gloria Manfreda.

The coming of the second semester saw another "rush" smoker and the Valentine's Party. The Brothers then turned their attention to the IFC ball, which was a grand success under the chairmanship of Brothers Dario Cardelli and Mike Minella. Now, with a full year of social activities behind them, the Brothers are looking forward to the social affair awaited all year, the annual formal dinner dance at the Steubenville Country Club. Although this event is the closing of the social calendar for the school year, Beta Theta continues to have picnics and wiener roasts throughout the summer months.

In addition to their social life, Brothers of Beta Theta participate in intramural sports, being runners-up in football, usher at the college basketball games, and are very active in various campus organizations. The Chapter sponsors a banquet for the college basketball team and presents an award to the most valuable player. Also for the ball team, the Chapter sponsors the Baron mascot. Brothers Bob Pagnanelli and Ralph Chappano alternated in dressing in the garb of the Baron mascot. The Chapter also lends a hand in the community by distributing the collection cans to the various business establishments for the annual Cancer Fund drive.

On Sunday, March 3, 1957, Beta Theta held its second annual Appreciation Banquet for the college basketball team in the Fort Steuben Hotel Ballroom. This affair has been instituted as a yearly event to honor the Baron basketball team. At this dinner, the John Tegano Memorial Award is presented to the most valuable player on the squad. This award was established in memory of Brother John Tegano of Beta Theta who was killed in an auto accident three years ago. This year's award went to Jim Smith, the nation's leading small college rebounder and candidate for All-American. Sixth District Governor Stephen A. Cocumelli was toastmaster for this year's banquet which was attended by 150 guests. The featured speakers were Charles "Chick" Davies, former Duquesne coach and Helms Foundation Award winner for 25 years of service, and Fritzie Zivic, the colorful former world's welterweight champion. Brief commentaries were also given by Coach "Hank" Kuzma, the Very Rev. Daniel W. Egan, T.O.R., President of the College, and Samuel S. McCormick, Mayor of Steubenville. Brothers Larry Ninerell, chairman, and Reno DiAngelo, assistant, with the aid of their hard-working committee, did a marvelous job of promoting the affair and making it a grand success.

Proof that the men of Beta Theta are highly respected by the student body for their leadership abilities and other outstanding qualities is the fact that so many high offices have been entrusted to them. Brother Mike Minella is president of the student government, and Brother Larry Ninerell is treasurer of the Council. There are also two other Brothers on the governing body. In the IFC, Beta Theta has three Brothers who hold the offices of President, Secretary, and Treasurer. Beta

Jimmy Smith receiving the John Tegano Memorial Award for most valuable player, given by Beta Theta Chapter at its second Annual Appreciation Banquet for the basketball team of the College of Steubenville. From left to right are toastmaster Steve Cocumelli, Sixth District Governor; Coach Hank Kuzma, John Clark, recipient of the most improved player award, Jimmy Smith, and featured speakers "Chick" Davies, former Duquesne coach, and Fritzie Zivic, former world's welterweight champion.

Theta men are also represented in the class offices of junior and freshman class president, and senior class treasurer. The school publications also have Brothers in the positions of co-editor of the newspaper and business manager of the year-book. The History Club and the Engineer's Club each have two Beta Theta men as officers.

While participating in all these activities, the Brothers have not forgotten their main purpose for being in the college. The Chapter won the IFC scholastic trophy for maintaining the highest average among the campus fraternities for the last school year, and was leading this year at the end of the first semester.

All of this serves to prove what the men of Alpha Phi Delta can accomplish through determination, hard work, and love of their fraternity.

SIGMA REVITALIZED; INITIATES FIVE

For the past few years the news about Sigma Chapter had been discouraging with the Chapter given little chance for survival on the Boston College campus. But now, the Brothers at Sigma want to make it emphatically known that the Chapter is alive and intends to stay that way from here on out. Proof of this is their recent initiation of five new members on March 20, 1957. Five initiates is not a particularly large number for some chapters, but for Sigma it will serve as a strong nucleus for the perpetuation of Alpha Phi Delta on the Boston College campus. Two of the five Brothers are members of the varsity football team.

Revitalization of Sigma is due to the hard efforts of 1st District Governor Steve Rubion and the Boston Alumni Club which gave full support to the recent initiation. The Chapter hopes to hold another initiation before the school year ends. The KLEOS and the entire fraternity extends its best wishes to Sigma Chapter for a very bright future.

THIRD DISTRICT SPONSORS ACTIVITIES, NEW ENTITY

The Metropolitan Committee of the Third District, composed of Third District Governor Gaspar LaSala and representatives of the Chapters and Alumni Clubs in area have again steered the District through another successful social season.

Once again, the biggest social event of the year was the annual Christmas Dance, held this year on December 22 at the Penn Top of the Hotel Statler, New York City. Probably the biggest social event in the entire Fraternity, this year's affair attracted over 500 people. Continuous music for the event was supplied by Bob Chevvy and his Orchestra and favors were presented to the ladies. Chairman Dick Casagrande, Delta, and Ralph Alliegro, Delta-BAC, along with their committee did a fine job in handling the arrangements and promoting another traditionally fine affair.

On February 24, the Catholic Brothers of the 3rd District sponsored their sixth annual Communion Breakfast. As in past years, Holy Mass was celebrated in St. Patrick's Cathedral. Breakfast was served at the Headquarters Restaurant. Through this year's affair was somewhat less successful than previous years, it was another worthy event. Guest speakers were Anthony J. Amore, Beta, and Bros. Aurelian Thomas and Charles Austin of Manhattan College. As in previous years, the Communion Breakfast was handled by Beta Beta Chapter. John Fernandez, Beta Beta, was Chairman of the Committee.

The Third District will soon add another entity to its group. This is LIAC, the Long Island Alumni Club. Born in various discussions among many Long Islanders who found the need for an alumni club to service the Brothers in Nassau and Suffolk Counties in New York State, the club applied for membership at the 1957 Executive Committee Meeting at Youngstown, Ohio. The Executive Committee authorizes central office to issue an Alumni Club Charter to the LIAC providing they met the requirements of the constitution. Particularly active in organizing the Long Island Club has been Albert Imbro, appointed a member of the National Expansion Committee by then National President Frank Cavallaro. Able assistance was provided by Long Islanders Vincent Amico, Joseph Giaimo, Peter and Joseph Catapano, Francis Paladino, Alfred Morello, Anthony Giarduo, Chas. Faverio, and Gaspar LaSala, Third District Governor. All Long Islanders are urged to join now by contacting Albert Imbro, 169 Kenneth Avenue, Baldwin, N. Y. (Baldwin 3-2502).

The distaff side of the 3rd District is also beginning to organize. Though the Third District Women's Auxiliary has yet to call its first official meeting, through Alexander Graham Bells' invention, they have been in correspondence in an effort to obtain prospective members. TDWA's temporary president and treasurer, Mrs. Joseph Derrico and Mrs. Frank Cavallaro, are adamant in their decision not to hold the first official organizational meeting until they are assured that at least 20 mothers, wives, sisters, and female cousins or sweethearts of Alpha Phi Delta Brothers have assured them in writing that they will support the organization. To date, 12 have signified their interest thusly. Until their goal is achieved, however, the group intends to communicate socially, support the various 3rd District affairs, and build up interest in the organization. All ladies interested in being charter members of the TDWA are invited to contact Gilda Derrico at 1111 Underhill Road, Bronx, or Anne Cavallaro, 61-17 Alderton Road, Queens.

On March 15, 1957, the Alpha Phi Delta Resort Association of New York (APDRANY) held its annual meeting at the Chemist Club in New York City. A good majority of the members were present to hear the Board of Trustees and association President Joseph Derrico give a report on the progress of the association during the year. The association, incorporated under the corporate laws of New York state, acquired four years ago, a 100-acre tract of land in the Catskills for development into an Alpha Phi Delta Resort Community. Fifty acres of this property has been set aside for ownership by members of the Association. The other 50

acres will be used for community recreation with some property set aside for the Chapters.

This year, the planning committee organized three trips to the area, located just outside of Acra, New York, to conduct percolation tests on the property. These tests are required by the New York Board of Health to determine drainage on the property. The committee reported that the results of these tests were very favorable, and that most of the area tested was suitable for sewage. The committee can now go ahead with arrangements for surveying and roadbuilding. It is expected that subdivision of the property will be accomplished this fall.

Membership in the association is open to all Alpha Phi Delta men who agree to purchase at least one plot of land (40,000 sq. ft.—approximately one acre). Originally set at \$300 per plot, the Association, in January, raised the selling price to \$500, to reflect the increased value of the property. Some plots are still available. Any brothers interested in obtaining more information are invited to contact Alpha Phi Delta Resort Association Incorporated, c/o 55 Stanton Street, New York City.

News from the Alumni

BROOKLYN REVIVES HOUSE TALK

As is the case with several alumni clubs, talk about a fraternity House for the area has been increasing at Brooklyn Alumni Club meetings. Several of the members, who, as Delta Alumni had accumulated monies over the years under various funds, have consolidated these funds for the purpose of putting it to work. With a tidy amount to serve as a sound foundation, the Club is beginning to think seriously about a Fraternity House. A House Committee has been formed consisting of Jack Lamantia, Chairman, Phil Paterno, and Frank Padron. A few possibilities in downtown Brooklyn have already been investigated including the house now occupied by Delta Chapter, and the mechanics of financing and carrying a house have been discussed by Michael Oliva, attorney working with the committee. Each member has been asked to get in touch with the men in his class to sound them out on their thoughts along these lines. The Club has no illusions, however; dreams of a Fraternity House have existed in the hearts of fraternity men for a long time, and there's a lot of hard work ahead.

In recent elections, the Brooklyn Alumni Club elected the following officers for the coming year: Ralph Alliegro, President; Ben Russo, Vice-President; Anthony D'Amato, Secretary, and Joseph Pizzirusso, Treasurer. The Club holds its meetings on the first Friday of every month at the Delta House, located at 123 Myrtle Ave., Brooklyn. Its members cordially invite all APD men in the area to attend the meetings and join the Club.

PITTSBURGH HOLDS SEVERAL AFFAIRS, PLAN OTHERS

The Pittsburgh Alumni Club continues to be the social pivot of the 5th District. The Club has already sponsored two big affairs this year and is presently making plans for as far ahead as next October.

The first function of the new year was the annual February affair held on February 23 at the beautiful Horizon Room at the Greater Pittsburgh Airport. A good crowd was on hand and everyone had a grand time. Among those present were National President and Mrs. Frank E. Costanzo; Past National President, Dr. D. A. Macedonia; Past National President and Mrs. Adam DiVincenzo; 6th District Governor Steve Cocomelli, and Art D'Annibile, President of the Steubenville Alumni

Club. National Chaplain Father S. J. Federici, C. S. Sp., also made a brief appearance. Nicholas Angelini, Joseph Scotti, and Ralph Stabile formed the committee who handled arrangements for the affair.

This year's annual Communion Mass and Breakfast was held on March 10th. Mass was celebrated at the Mother of Good Counsel Church in Pittsburgh by National Chaplain Father S. J. Federici. Another Fraternity Brother, Father Charles Ceradini, is pastor at his church. Breakfast was served at the Penn Lincoln Hotel in Wilkinsburg. Speaker at the breakfast was an exchange student from the Middle East, Easter Abdou. Her talk was very interesting and educational. The working committee for this affair was Julius Zangrille, Jr., and Joseph Scotti.

The Pittsburgh Alumni Club and the Ladies Auxiliary of Pittsburgh are now making preparations for an affair to be held on Sunday evening, October 20, at the Holiday House in Monroeville. The affair will be known as the Supper Dance. General Chairman for the affair is Dr. Fred A. Bissell, chairman of last year's Metropolitan Ball held on that same date. It was also on that date, in 1915, that the seven men who founded Alpha Phi Delta met at the first official Fraternity meeting.

News of last year's affair arrived late for publication in our last issue. The affair was one of the finest social successes ever held in 5th District. Over 300 guests attended with grand support given the affair by alumni and undergraduates alike. Particularly gratifying was the support given by the "old timers" who showed that their fraternal spirit, born in them in their college days, had garnished through the years. The success of the affair was due largely to the fine efforts of a hard working committee under the general chairmanship of Dr. Fred A. Bissell.

On November 2 of last year, the Pittsburgh Alumni Club met to honor one of its members as the outstanding alumnus in the Pittsburgh area. The awards committee, after careful study, selected Dr. Fred A. Bissell, Pi, as the person who did the most over the past few years to bring honor and glory to the P.A.C. As chairman of the Metropolitan House Committee, Dr. Bissell has been studying the prospects of obtaining a house for the Pittsburgh area since 1950. Present at the dinner meeting of the club were National President Frank E. Costanzo, 5th District Governor Joseph Scoscia, and National Chaplain Father S. J. Federici, C.S. Sp., who delivered the invocation. Guest speaker for the evening was Dr. Whitney C. Corsello, Beta Epsilon, member of the staff at Shadyside Hospital, Pittsburgh. Nicholas Angelini, President of the Pittsburgh Alumni Club, presented the award.

The Pittsburgh Alumni Club elected new officers in January to continue the fine work of the past officers of the club. Elected were Daniel Tamburri, President; A. Joseph Cresto, Vice-President; Adam DiVincenzo, Secretary; Dom Tarquinio, Treasurer; Father Federici, Chaplain, Anthony Iole, Social Chairman, and Sam Valeriano, Sgt.-at-Arms. The club meets the first Friday of every month at the I.S.D.A. Home, 815 Brighton Road, North Side, Pittsburgh. Highlights of the meetings include guest speakers who discuss topics of general interest to all the members. The alumni club invites all Brothers in the Pittsburgh area to join their fellow alumni in building an even bigger and better alumni club for Alpha Phi Delta.

MOHAWK VALLEY MAINTAINS ACTIVE SOCIAL CALENDAR

One of the more active groups in the 2nd District, the Mohawk Valley Alumni Association continues to be the rallying point for all Alpha Phi Delta alumni in the Utica, New York area. Sustaining a well balanced program during the year, the Club at this writing is making plans for their annual Communion Breakfast and Annual Baked LaSagna dinner. The latter affair is to be held at the Parkway Gardens. Dr. Mario Caruso is chairman of the dinner. Last year's affair was a tremendous success both socially and financially with over 800 people attending.

Having a membership of approximately 40 actives, the Mohawk Valley Alumni

meet regularly on the 3rd Friday of the month at the Parkway Gardens. At elections held on March 10, 1957, the club elected Vincent Delorio, President; George Didio, Vice-President, and Anthony D'Amelio, Treasurer. An installation dinner was held in their honor.

YOUNGSTOWN HOST TO EXECUTIVE COMMITTEE

The Youngstown Alumni Club played hosts this year to the National Officer and District Governor of Alpha Phi Delta when that body met in executive session at Youngstown on Saturday, March 30. Alumni Club President Felix Catoline, Michael Julian in charge of the reception and planning committee members of Beta Omicron Chapter arranged for breakfast, dinner, and accommodations at the Pick-Chip Hotel for some 30 attendees. In addition, the entire group was invited to Sunday morning breakfast at the home of Brother and Mrs. Michael Julian.

An active group in the Youngstown area, the club, consisting of some fifty actives, is "big brother" to Beta Omicron Chapter at Youngstown University. In this role, the club, in conjunction with the undergraduates held a Valentine Day dinner dance. The affair, held at the Pick-Ohio, was a very successful one.

At recent elections the Club elected the following men to office: Felix Catoline, President; Dr. Leo DiBlasio, Vice-President, and Daniel Rossi, Secretary. The Club meets every 3rd Friday of the month at the office of Dr. Guido Shiovone in Youngstown.

WESTCHESTER HOLDS AFFAIR FOR SCHOLASTIC FUND

The Westchester Alumni Club held its Spring-Dinner-Dance at the Parkway Casino in Tuckahoe, New York on Saturday, April 13. The \$15 per couple affair included a roast beef dinner, cocktail and dancing. An attractive crowd enjoyed itself. The affair is sponsored yearly by the Alumni Club in a drive to establish a scholarship fund for deserving Brothers of Beta Beta and Theta undergraduates. The Westchester Alumni Club has assumed the role of "Big Brother to these two Chapters. Theta Chapter is presently inactive and the Westchester group considers its reactivation one of the major goals of its program.

At recent elections the club elected Anthony Catania, Beta Eta, President; Dr. Walter J. Primerano, Xi, Vice-President; Joseph Amico, Theta, Treasurer; Ralph Ricci, Theta Beta, Secretary, and Al Messina, Historian. The club meets every second Thursday of the month either for dinner meetings at the Scarsdale Lodge, or at the home of one of the Brothers. Alumni in the Westchester and Connecticut area are encouraged to join. Merely contact Secretary Ralph Ricci, 269 North Fulton Ave., Bronxville, N.Y. (Mo. 7-7466) for the meeting place that month.

BOSTON ALUMNI AND LADIES HUB OF 1st DISTRICT

The Boston Alumni Club's quarterly dinner meetings continue to highlight the club's social calendar. These meetings have turned out to be a huge success. In other activities, the club members were on hand on March 20 to give full support to the initiation activities at Sigma Chapter, the fulfillment of efforts by the club which has been trying to revitalize the Chapter for the past two years.

Working closely with the Boston Alumni are the Ladies' Auxiliary of the 1st District. In conjunction with the club, the Ladies' Auxiliary held their annual Christmas Party last year at the Naval Officers' Club in Charleston, Massachusetts. On March 27th, the Auxiliary sponsored a card party as Miss Emilia Rubino and her committee administered this social function to a successful evening. The women, led this year by Mary Rubino, have enjoyed a wonderful year both socially and financially. This organization has become the backbone of the First District.

Men of Alpha Phi Delta

DONELLI TAKES OVER AS HEAD COACH AT COLUMBIA

On December 28, Mr. Ralph Fury, Athletic Director at Columbia University, announced to the sports world that Aldo T. (Buff) Donelli had been chosen as head football coach to lead the Lions. Donelli succeeds Lou Little who retired after 27 years of service. In making the announcement, Fury revealed that four other men had been considered but added "we believe that we selected the best man from the available candidates. He is most able technically."

Brother Donelli is indeed able with over twenty-five years of football experience behind him both as a player and as a coach. A charter member of Psi Chapter, he made his athletic debut at Duquesne University as a soccer player, a sport in which he also enjoys a sterling reputation. (In 1934 he was chosen a member of the United States Soccer team which competed in the world tournament in Rome, Italy). In his freshman year at Duquesne, "Buff" was practically pushed to join the football team and soon had a regular half-back berth in the Iron Dukes. Before long, and despite his 160 pounds, he became a center, occasionally dropping back to handle punting chores. One year later, Elmer Layden took over as Duquesne coach and the school's football fortunes speedily began to rise, with the key man in that ascent being "Buff" Donelli. It was then that he achieved a sort of fame that he has not been able to shake off: he booted a ball with his left foot and so confused the safety man on the opposing team that Buff's fellow teammates were able to convert it into a touchdown.

By graduation Buff assumed the job of assistant coach at Duquesne and later advanced to head coach, the Iron Dukes winning every game except one in his first three seasons. Came the war, however, and Duquesne dropped football. The Navy garbed Donelli in blue and assigned him to athletic work at Columbia where Lou Little appointed him his assistant. Donelli, meanwhile, absorbed the wisdom imparted him by the crack gridiron expert. After the war, Donelli was offered the position of head coach at Boston University, a position which he held until accepting his appointment at Columbia.

Donelli's is a one-year appointment, since, according to Columbia athletic officials, all coaches are appointed annually. There is no contract, merely an agreement. Donelli will face a tough task at Columbia. The team lost seven of its starters and had a record of 3-6 last season. The freshman team won only one game in five. But among the returnees will be Dick Donelli, Buff's son, who is now a sophomore. Young Donelli was a halfback in 1956 but didn't see too much action. Nevertheless, "Buff" has a wide range of experience and Little's old protege is expected to come through with the best.

The Kleos and Alpha Phi Delta wish "Buff" Donelli the very best success at Columbia.

Every year sees new brothers pass into Alpha Phi Delta. They enter school as young boys thirsting for knowledge and their College and Fraternity releases them as young men, four years older, prepared for the experiences of a rich and wholesome life ahead. They may or may not seek higher education. They may become doctors, lawyers, dentists, accountants, engineers. Some hit the big time, become public figures. Others achieve less success as measured by that yardstick, but all achieve the success that comes with industry, family, and service. All become a credit to their community. Such are the men of Alpha Phi Delta.

We are presenting a few of these men here. Some have achieved a more renowned measure of success, some less. There are men who are as great or greater. There are, for example, men like Dr. D. A. Macedonia, knighted to the Order of St. Gregory by Pope Pius XII, the Honorable Joseph A. DeGuglielmo, National Secretary and recent Mayor of Cambridge, Massachusetts, the Honorable Alfred A. Santangelo, elected to the Congress of the United States by his constituents in New York City, Dr. Peter Summartino, President and founder of Fairleigh Dickinson College, and many others. You may have read about these men in recent past issues of the KLEOS. In this and future issues we intend to present to you men whom you may or may not have heard about, whom you may or may not have met. All have contributed in some measure to their community. All are a credit to their fraternity; an inspiration to those who call themselves Brothers, to those who would enter Alpha Phi Delta.

SAVERIO M. FLEMMMA, *Lambda*, attended public schools in his native Utica, New York and then went on to graduate from the Utica Free Academy, the Wharton School of the University of Pennsylvania, and the Harvard Law School. Very active in fraternal affairs when Alpha Phi Delta was still in its infancy, Brother Flemma organized Lambda Chapter at the University of Pennsylvania, and assisted in organizing Alpha Phi Delta chapters at Boston University and Harvard College while a student at Harvard Law School. He was Grand Historian of Alpha Phi Delta during 1922-23 and president of Lambda Chapter during 1923-24 while serving as President of Il Circolo Italiano at the University of Pennsylvania.

Brother Flemma has been a practicing attorney in the City of Utica for the past 29 years. He has been a member of the Board of Education of the City of Utica for the past 15 years and served as President of the Board during 1951-52. He has been a member of the Oneida County Bar Association since 1929 and was Vice-President in 1949; he was President of the Council of Social Agencies of the Utica area during 1940-42 and Treasurer during 1942-47. He is presently an active member of the Exchange Club of Utica, the Utica Harvard Club, the University of Pennsylvania Club of Mohawk Valley, and the Mohawk Valley Association of Alpha Phi Delta.

FRANK A. GULOTTA, District Attorney of Nassau County, is another of the outstanding men of Alpha Phi Delta who graduated from Columbia University. Born in Brooklyn on June 4, 1907, his family soon moved to Ridgewood, Queens County, and Frank graduated from Newtown High School in Elmhurst, Long Island. After receiving his Bachelor of Arts degree at Columbia University he attended the St. Johns University School of Law from which he graduated in 1931. An apt scholar and athlete, he was a member of the basketball, track, and cross-country squads in high school, and a member of the basketball squad and junior varsity football team at Columbia University.

A veteran of over 20 years of public service, Frank's first position was as a member of the Zoning Board of Appeals of the Incorporated Village of Lynbrook, following which he served for a time as Village Counsel. On January 1, 1938, he was appointed as Assistant District Attorney of Nassau County, and launched upon a career that ultimately gained him wide attention. His outstanding record made him the logical successor to the office of District Attorney by appointment of then Governor Dewey in 1949, and by election since then. As District Attorney, Brother Gulotta took on the task of meeting the problems of a rapidly expanding community. Among the most recent cases which gained him public attention was the successful prosecution by his office of William C. DeKonig, Sr. involving labor racketeering in Nassau County. He just finished personally prosecuting Angelo LaMarca in the now world famous Weinberger kidnap case.

In addition to his outstanding work as District Attorney, Brother Gulotta has an outstanding war record which began in May, 1943 when he applied for a leave of absence from the District Attorney's Office and enlisted for service with the Allied Military Government Branch of the U.S. Army. He continued in service for 33 months and for two and one-half years was on overseas duty in Africa and Italy. He received citations and commendations from various divisional commanders and was decorated by the Italian Government for his work in that country. He was discharged from service with the rank of Major in February, 1946.

Brother Gulotta's many social and civic affiliations include the New York State District Attorney's Association of which he is a past president and chairman of the board of directors. He is also a Past Exalted Ruler of Lynbrook Lodge B.P.O. Elks, Past President of the Lynbrook Republican Club, Chairman of the Board of Directors of the United Cerebral Palsy Association of Nassau County, Member of the Executive Council of Nassau County Boys Scouts, St. Mary's Council Knights of Columbus, former chairman and present member of the Lynbrook Youth Center, and member of the Veterans of Foreign Wars, the American Legion, and numerous civic organizations.

In 1953 Brother Gulotta was the recipient of the Long Island Daily Press Distinguished Service Award for that year in recognition of his fine public work. The citation reads in part: "Frank A. Gulotta, fearless public prosecutor, friend of the persecuted, he has enforced the law with dignity and decision, with understanding and compassion for the unfortunate. Exemplar of justice, he typifies the honest, efficient public official who puts duty above desire. True American, he served his country courageously in war; in peace, his devotion to his family and his community has ever been an inspiring influence on his fellow citizens.

Judge ALFRED E. MODARELLI, *Beta*, was born in Union City, N.J., on November 27, 1898. He attended Columbia College from which he received his A.B. in 1920, graduated from Columbia Law School with an LL.B. in 1922 and received his M.A. at the Columbia Graduate School that same year. From 1925 to 1934 Brother Alfred served as Judge of the Municipal Court of the City of Union City after which he served as assistant prosecutor of Hudson County until 1944. From 1945 to 1948 he was Special Assistant Corporation Counsel to Union City; from 1948 to 1951 he served as United States Attorney for the District of New Jersey until 1951. He has been United States District Judge since January 10, 1951 when he was appointed to that position by President Harry S. Truman.

Very active in his college days, Brother Alfred was a member of the Columbia College Varsity Football team from 1918 through

1921. For two years after graduation, he was head coach of the Union Hill High School Football Team. His other early activities include the North Hudson Lawyers Club of which he was president from 1929 to 1932. He has also been President of the Hudson County Bar Association, and a past commander of Union City Post No. 46 of the American Legion. His present affiliations also include membership in the American Bar Association, the Federal Bar Association, and the New Jersey State Bar Association.

Dr. ANTHONY NARDONE, *Lambda*, graduated from the University of Pennsylvania (A.B. 1926, M.D. 1929). He is presently Chief Obstetrician and Gynecologist at Misericordia Hospital in Philadelphia. He is also Associate Obstetrician and Gynecologist at both the Pennsylvania Hospital in Philadelphia and at the University of Pennsylvania Graduate School of Medicine, a Diplomate of the American Board of Obstetrics and Gynecology, and a Fellow of the American College of Obstetrics and Gynecology. In his medical capacity, Brother Nardone served in the U.S. Army from 1941 to 1946, one year of it in the E. T. O. He was discharged with the rank of Lt. Colonel, and now holds the rank of Colonel, U.S. Army Reserve, in command of the U.S. Army Reserve Hospital No. 348. His other activities include membership in the Philadelphia and Pennsylvania Medical Associations, Philadelphia College of Physicians, Obstetrical Society of Philadelphia, the Graduate Club of Philadelphia, and the Sons of Italy.

Brother Nardone is married to the former Helen Catalano. They have two children, Rose, 20 who attends Rosemont Colltege, Pennsylvania, and Marie, 10.

JOSEPH PIETRAFESE, *Xi*, was born in Cleveland, Ohio on November 29, 1914. He attended East Technical High School and then went on to Ohio State University and the Cleveland Law School. He was admitted to the Ohio bar in July, 1945. His many years of public service include Secretary of Local Selective Service Board No. 23 in Cleveland, Court Constable and Referee, and Domestic Relations Department of the Court of Common Pleas. He has been director of the Department of Uniform Support of the Court of Common Pleas, and also Assistant County Prosecutor since February, 1954. In this connection, Brother Pietrafese administers the Uniform Reciprocal Enforcement of Support Act and is recognized as an authority in this particular phase of the law. As such he has lectured before many legal fraternities and welfare agencies on the application, constitutionality, and benefits of this law.

Among his many other activities, Brother Pietrafese is still very active in Alpha Phi Delta and is President of the Cleveland Alumni Association.

Judge ROBERT V. SANTANGELO is a member of a famous political family in New York City (his brother Alfred is serving in the U.S. House of Representatives). A World War I veteran, and a law graduate of Columbia University, Bob was initiated into Beta Chapter and then, in 1922, went on to be elected National President of Alpha Phi Delta. During his term of office he inducted Delta, Eta, Epsilon, Theta, and Zeta Chapters into the Fraternity. While still at Columbia he was one of the 32 selected to visit Italy as an exchange student and was selected secretary of the group. A prominent lawyer in New York City for several years, he held the position of New York State Grand Orator under Fiorello H. LaGuardia, mayor, and was Assistant District Attorney for New York County from 1924 to 1937. In 1951 he was appointed by Mayor Impellitieri to fill out a one year term as Municipal Court Justice. Then, in

1952, in recognition of his high ability and distinguished service to the city throughout the many years. Brother Santangelo was nominated by both the Democratic and Republican Parties, and then elected by the people of New York City, to a full ten year term as Municipal Court Justice, 1st District.

Through the years, Bob has never forgotten the Fraternity. For 25 years he attended almost every convention since he was initiated into Alpha Phi Delta. His appearance is always a time for rejoicing; his anecdotes about life on the lower east side of New York City, cradle of many great men, providing many an amusing hour long remembered by both alumni and undergraduates.

Dr. GERALD NATIELLA, *Epsilon*, attended Georgetown University and graduated from Buffalo Dental College in 1924. As an undergraduate, he held the office of Tribune for his Chapter at the University of Buffalo. In 1929 Brother Natiella was appointed as dentist for the local schools of Utica, New York, holding that position until 1935 when he became a member of the School Board by appointment of Mayor Vincent Carron. He is still a member of the Board and has acted as its President for fifteen years. His social activities include membership in the Mohawk Valley Association of Alpha Phi Delta Fraternity, Knights of Columbus Council 189, Elks, Comity Society, and Dental Societies, both local and national.

Brother Natiella is married and the proud father of two children, Geraldine Ann, a graduate of Wheelock College, Boston, and Joseph Richard, a senior at Utica College.

RONALD L. PORRECA, *Beta Delta*, graduated from Temple University in 1943 with a B.S. in Commerce. Immediately upon graduation he entered the U.S. Army and served with the Infantry and Combat Engineers, 27 months of it overseas in North Africa and the E.T.O. Following his discharge from the Armed Forces, Brother Porecca entered the real estate business and is now partner in Roland-Frank & Co. specializing in Real Estate appraisals. The firm has done appraisals for the City of Philadelphia Law Department and the Department of Public Property. He also holds the position of 1st Vice-President on the South Philadelphia Realty Board. While still in the Armed Forces, Ronald married the former Dianne Teti; they have one child, Denise.

ERNEST C. CASALE, *Beta Delta*, graduated from Temple University in 1941 with a B.S. in Education and received his M.A. in Mathematics the same year. Ernest twice answered the call of duty; he served in the U.S. Army from 1943 to 1946, and then again as a First Lieutenant in 1951 and 1952. Since his discharge, Brother Casale has been an instructor in Mathematics at his old Alma Mater and since 1953, Varsity Baseball Coach.

In fraternal affairs Ernest is "Big Brother" adviser to Beta Delta Chapter and Vice-President of the Alpha Phi Delta Alumni Club of Philadelphia. He also acts as Consultant in Mathematics to the Frankfort Arsenal at Philadelphia and holds membership in several societies including the Temple University Baseball Club (of which he is Secretary), Temple University Quarterbacks Club, American Association of University Professors, American Mathematical Society, and the American Mathematical Association. Ernest and his wife Angelina have one son, Richard Charles.

Clippings

Anthony V. DeLeo, Sigma, was appointed supervisor of the mentally retarded for southwest Massachusetts early this year. He was appointed by Dr. John J. Desmond, commissioner of education. Bro. DeLeo won degrees from Boston University and studied at Harvard and Bridgewater State Teachers College. He has been a special education class teacher in Braintree schools since 1950. He has also served as chairman of the mental health committee of that town. In 1955 he organized a parent-teacher association in Braintree for the parents and instructors of mentally retarded children. He also took an active part in the establishment of Camp Harmony Hill, an overnight camp in Cohasset for mentally retarded children. . . .

"In Sincere Appreciation" for their "splendid services" to the Pittsburgh Section, National Association of Corrosion Engineers, two Pittsburgh group corrosion engineers receive certificates. Left to right: N. P. Peifer, supervisor of transmission corrosion and leakage control, who was section chairman in 1951-52; W. F. Fair, Jr., president of NACE; F. E. Costanzo, senior corrosion engineer who was a section chairman for 1952-53. Bro. Costanzo was elected regional director of the national association for a three-year term.

Dr. Albert Esposito, Col. '33, has been elected president of the Cabel County Medical Society of West Virginia. Dr. Esposito, a medical graduate of Loyola University, practices ophthalmology in Huntington, W. Va. Bro. Esposito is a member of Beta Chapter.

Mrs. Agatha Doolin, former secretary to Central Office, passed away last June. She had been ill for several months. Her passing is a big loss to Alpha Phi Delta. The Kleos joins her family and the entire fraternity in mourning her loss.
